July 2, 2010 marks the 34th anniversary of the Gregg V. Georgia decision in which the United States Supreme Court upheld laws written in various states to reinstate the death penalty in the wake of the Furman decision in 1972.

This press conference is part of the Annual Fast & Vigil to Abolish the Death Penalty at the US Supreme Court, wherein anti-death penalty activists will converge on Washington, D.C. from June 29 through July 2 for four days of activities commemorating the historic 1972 and 1976 Supreme Court rulings that suspended the death penalty in the United States and later allowed executions to resume. This is the sixteenth year in a row that the Abolitionist Action Committee will hold its annual Fast and Vigil between the dates of these two landmark decisions. Activists, many of whom are fasting the entire four days, are travelling to Washington D.C. from across the United States and beyond.

Highlights of this highly visual and interactive annual event include live music and evening teach-ins by death row survivors, murder victim family members, and noted activists and scholars. Please see details at <http://www.abolition.org/fastandvigil/schedule.html>

**ATTENTION REPORTERS, EDITORS AND PRODUCERS:** Consider interviews with activists from your specific state or region. We can arrange for this.

**RAIN ALERT:** In the event of rain or significant threat thereof, evening events requiring amplification will take part inside the United Methodist Church Building, immediately adjacent (across Maryland Ave. on 1st St.)

The Abolitionist Action Committee is an ad-hoc group of individuals committed to highly visible and effective public education for alternatives to the death penalty through nonviolent direct action.
